

THE BLAIRMORE ENTERPRISE

VOL. XVIII, NO. 10.

THE BLAIRMORE ENTERPRISE, THURSDAY, MARCH 10, 1927.

BLAIRMORE COUNCIL

WILL SUPPORT HOCKEY

The regular semi-monthly meeting of the town council was held on Monday night, with Mayor J. H. Farmer, Councillors E. Morgan, W. A. Beebe, M. Hamilton, W. McVey and Mark Sartoris, and Secretary Kelly present.

The minutes of previous regular meeting were adopted as read and the following accounts were passed by the various committees for payment: West Canadian Collieries, electric reading for February, \$38.25; P. Barattelli, blacksmithing, \$9.50; G. Maniquet and G. Patterson, labor, \$19.50 and \$9.00, respectively; Northern Electric Co., \$19.03; Canadian General Electric, \$3.23; West-Keith Co., \$5.40; Blairmore Enterprise, \$20.50; West Canadian Collieries, \$26.20; Blairmore Hardware Co., 75 cents; Burroughs Adding Machine Co., \$3.79; Blairmore Garage, \$18.80; F. M. Thompson Co., \$16.95; I. Rae, labor, \$6.50; E. Williams, labor, \$8.00; A. Norville, labor, \$4.00; United Typewriter Co., \$161.70.

Motion by Hamilton and McVey, that a Sterling 5-hp. single phase fire siren be ordered on approval from the W. S. Darley Company, of Chicago, carried.

Pursuant to notice given by Councillor Ferguson at a previous meeting, a by-law to regulate the streets for 1927 received first, second and third readings and was finally passed by unanimous vote of the council. Mr. E. D. Battum was thereby appointed auditor for the year 1927.

A donation of \$20.00 was made to a needy widow.

Upon motion by Councillors Hamilton and Sartoris, \$100 was granted towards a reception and presentation to be made to the Junior Hockey Club by the Town of Blairmore, this amount to be handed to the citizens' committee in charge of same. It was suggested that the presentation be in the form of an engraved watch for each player.

The new water by-law received first, second and third readings and was finally passed. Only a few minor alterations have been made in the former by-law.

A deputation comprising Messrs. J. E. Gillis and F. M. Thompson waited upon the council in behalf of the Catholic, United and Anglican churches, seeking exemption from water and light rates for churches and church properties, recreation grounds, etc. The request was granted, Councillor Beebe dissenting.

BLAIRMORE MIDGETS AT LETHBRIDGE TONIGHT

Blairmore hockey teams are still in the running for provincial championship honors. The Blairmore Midgets left by this morning's "local" for Lethbridge, where tonight they will clash with a Calgary team. The boys are in charge of Mr. A. Morency, and will likely be joined at Lethbridge by Mr. Young, their sponsor, on the way back from Regina.

COWLEY RANCHER

DIES AT CALGARY

Following an illness which lasted but one week, Robert McLaughlin, for 20 years one of the biggest ranchers in the Cowley district, died at the age of 45, in the Holy Cross hospital, on Monday morning. The illness commenced with an attack of influenza and later, it is believed, developed into a form of meningitis.

Mr. McLaughlin was a native of Lillipgow, Scotland, and for several years was engaged with the British Linen Company's bank in London, England. He was also a member of the Bankers' Association of Scotland. He came from London, England, to Cowley about 20 years ago and since that time has been ranching on a large scale in the Cowley district. At the time of his death, he was worshipful master of Chinook Lodge No. 47, A. F. & A. M.

He is survived by his wife and three daughters who reside near Cowley and by his mother, four brothers and two sisters, who reside in Scotland.

The remains were forwarded from Foster & Foster's undertaking establishment on Monday evening to Cowley, where on Wednesday afternoon a Masonic funeral was held. Interment took place in the Livingstone cemetery, Cowley.

MRS. MCGRAE GUILTY OF MANSLAUGHTER

VICTORIA, March 8.—Mrs. Margaret Catherine McGrae, who shot and killed her husband, Frederick McGrae, at their home here on the morning of November 17, 1926, was this evening found guilty of manslaughter by a jury in assize court and sentenced by Mr. Justice Aulay Morrison to serve ten years in penitentiary.

The case opened on March 2nd and went to the jury late that afternoon. After an hour's deliberation the jury reduced the charge from that of murder to manslaughter, and found the accused guilty on the latter count.

On the witness stand the accused said that during her married life of 23 years she had been mistreated.

PYTHIAN SISTERS TO HOLD ST. PATRICK'S WHIST DRIVE

The members of Greenhill Temple, Pythian Sisters, have decided to hold a St. Patrick's whist drive in the Lodge Hall on the night of Wednesday, March 16th. Hard times prizes will be awarded.

A feature of the drive will be a Shamrock novelty one-step, for which prizes will be given.

LAST THREE BODIES TAKEN FROM COLEMAN MINE PIT

The bodies of the last three of the ten miners, whose lives were snuffed out in an explosion last November, were taken from the pits of McGillivray mine on Monday and Tuesday of this week. They are: William White, fireboss, George Ukrainitz and William Petyk.

All three were buried yesterday afternoon at Coleman, the funeral services being largely attended and most impressive.

The inquiry into the cause of the disaster, which has been pending for some months, will now be proceeded with.

Mrs. W. Lord, Mrs. Joseph Wolstenholme and Mrs. Elliott are this week attending the Grand Temple of Pythian Sisters at Red Deer, the former as delegate from Greenhill Temple No. 10, the latter two as grand trustee and grand guard, respectively. This is the third term served by Mrs. Wolstenholme as a grand trustee. Mr. E. Elliott is also in Red Deer attending the Grand Lodge Knights of Pythias as special representative of Livingstone Lodge.

UNITED CHURCH

CONCERT A SUCCESS

The concert given at the United Church on Tuesday evening was very much enjoyed by a large audience.

The chair was occupied by Mr. S. G. Bannan and the programme rendered was in part as follows:

Pianoforte solo—"Prelude in C Minor" (Lachmanoff), and encore, "Novellette" (MacDonald) — Miss Madeleine Chardon.

Soprano solo—"The Garden of Your Heart," and encore, "Salaam"—Mrs. S. G. Bannan.

Violin solos—"Phantom Melody" and "Romance and Presto," (his own composition)—Mr. W. J. Harris, of Bellevue.

Baritone solos—"The Watchman" and "Because I Was Shy"—Mr. A. J. Phillips, of Coleman.

Contralto solos—"Rose in The Bud" and "The Mystery"—Miss Enid Cole of Bellevue.

Soprano solos—"A May Morning" and "Coming Home"—Mrs. Davidson of Coleman.

Pianoforte solos—"Valse" (Chopin) and "The Two Larks" (Letchesky)—Miss Alice Hornquist.

Baritone solos—"Guld Plaid Shawl" and "Love's Old Sweet Song"—Mr. J. R. Gresham.

Readings—"Mr. Brown Gets a Haircut" and "Johnny Paves The Way"—Miss Enid Cole.

Pianoforte solos—"Home, Sweet Home" and "Men of Harlech"—Mr. H. Thomas, of Coleman.

Every item on this exceptionally well arranged programme was beautifully rendered and applauded.

Great credit is due Mr. T. Williams, in whose hands was left the arrangements for the concert and the thanks of the board and congregation of the United Church are heartily extended to Mr. Williams and to every participant in the programme, particularly those from Bellevue, Hillcrest and Coleman, who so willingly rendered assistance.

We understand that a sum amounting to nearly eighty dollars was realized, which will be applied to the organ fund.

Regret was expressed at the omission from the programme of four items, as follows: the parties being unable to attend: Mr. Ed. Royle, selection on pipe organ; Mrs. C. S. Fiedler, of Hillcrest, soprano solo; Mr. Ed. Womersley, tenor solo, and Eric Hornquist, violin solo.

Following the concert, luncheon was served to the artists by members of the Ladies' Aid.

BELLEVEUE BRIDE-TO-BE IS SHOWERED

A very delightful social evening was spent in the ladies' parlour of the United Church at Bellevue, on Monday, February 7th, when the members of the Ladies' Aid held a miscellaneous shower in honor of Miss Esther Christie, whose marriage will take place shortly.

Miss Christie is one of Bellevue's most popular young ladies and a very energetic worker of the Aid.

The supper table was prettily decorated with pink and white carnations. Mrs. Ritchie and Mrs. J. Shevils acted as hostesses for the evening.

After the refreshments were partaken of, a huge flower basket was brought into the room by Mrs. Cossick, and in a few well-chosen remarks, Mrs. Oliver presented the basket, laden with beautiful gifts, to the honored guests, in behalf of the Ladies' Aid.

Miss Christie responded in a very sweet and effective manner.

"I want the wages of a man; that's all I am asking," said the "Votes For Women" lady orator.

"Then," said a man as he arose to speak, "I contend it isn't a vote that the lady wants. All she has to do is to get married."

The Calgary Shamrocks, winners of the Blairmore Junior Hockey League over the Blairmore Juniors by one goal in a two-game overtime series, New York, to attend the provincial championship game to decide the provincial championship. They were defeated four-to-one by the Ed-Blairmont Hustlers in a sudden death invitation on has been extended personally by Guy Wradick, stampede manager.

GREAT BRITAIN TO GIVE RUSSIA ANOTHER CHANCE

London.—Announcing in the House of Commons that Great Britain will not break off diplomatic relations with Soviet Russia, Foreign Secretary Chamberlain enunciated a policy of giving Russia another chance.

This policy was endorsed by the House when the Liberals raised a discussion calling into question the recent British note to Russia, charging the Soviet with disseminating anti-British propaganda.

Sir Austen, replying in behalf of the Government, said it was desirable that world peace should be assisted by the elimination of distrust and suspicion which remained from the struggles of a few years ago. He said a breach with Russia was bound to have a reaction in other countries. It made suddenly before the world realized what was the provocation and could place responsibility on the right shoulders.

Whatever the provocation, he continued, a sudden breach could not occur without having a repercussion on the whole European situation. Without regretting anything, it had said in the note of rebuke about the conduct of Soviet Russia, the British Government's view was that Russia should be given another opportunity to conform its conduct to the ordinary rules of international life.

At the same time that the Foreign Secretary assured the House that relations would not be broken off, he remarked that there were limits to the Government's patience with regard to anti-British propaganda.

New British Embassy

Million Dollar Structure is to be Erected at Washington

Washington.—The British Government is to have a million dollar embassy in Washington.

Designs for the building, drawn by Sir Edwin Lutyens, re-creator of the magnificent Indian capital at Delhi, have been approved by the United States Commission of Fine Arts. The land has been acquired, and work will begin during the latter part of this year.

The entire structure will be unmistakably in the English tradition. It will be of red brick with white stone trimmings and will be surrounded by gardens, with tennis courts and similar amusement facilities, while in front a tall iron fence will be broken by four gates leading into and out of the chancellery and the embassy along separate paths.

To Tour Western Canada

Governor-General and Viscountess—Will Visit West

Ottawa.—Their Excellencies the Governor-General and Viscountess Willington are to leave Ottawa on Saturday, March 19, on an extended tour of Western Canada. It is proposed to pay a similar visit to the maritimes in July.

In making this announcement, officials of the governor-general's office said their excellencies would stop off at all the capitals of the western provinces, and most of the principal cities. It was proposed to return to Ottawa about May 1.

Three-Year Program Planned

Minister of Railways Will Introduce Plans for C.N. Railway

Ottawa.—Hon. Charles Dunning, Minister of Railways, gave formal notice in the House of Commons of the intention to introduce the Canadian National Branch Lines program for the next three years.

Mr. Dunning also gave notice of a measure to provide for the refunding of Canadian National Railway obligations and to provide for the issue of securities guaranteed by the Dominion not exceeding twenty million dollars.

Attempted to introduce Bill

London.—An amusing incident occurred in the House of Commons when a group of anti-Russian Conservatives, desiring to break off relations with the Soviet, attempted to introduce a private bill to prevent British recognition of any foreign government indulging in anti-British propaganda.

Jap Cruisers Sail

Tokio.—The Japanese cruisers Isuzu and Endo have been ordered to Shanghai with a landing party of 600 blue-jackets as a precautionary measure.

W. N. 11 1679

Reindeer Investigation

Government Would Provide Food Supply for Natives of North Country

Ottawa.—A wireless message has been received by the Northern Territories branch of the Interior Department from the Porol brothers at Point Barrow, Alaska, reporting on the progress of their work on the reindeer investigation. These two brothers are working on a 1,200-mile push across Alaska and the extreme north of Canada making an investigation into the possibility of moving reindeer from Alaska into Canadian territory to native food supply for the natives. Game in that section of the Canadian North is in danger of extermination and the survival of the Eskimo is menaced.

The two Porol brothers went into the North country last June and will not come out until the spring of 1928, when they will make their report to the Dominion Government on all phases of the reindeer question, including the commercial possibilities. It is expected that within a few weeks the little two-man expedition will be in the delta of the Mackenzie River. The men are trained naturalists and biologists and are sons of the governor of Greenland.

Department of Revenue

New Name Is Proposed for Department of Excise and Customs

Ottawa.—A bill was introduced in the House of Commons by Hon. W. D. Eider, Minister of Customs, which will make certain changes in the organization of his department. The minister explained his department had three principal duties. One to collect customs, another excise, and the third income taxes. The bill provided that each of these divisions would be under the charge of a commissioner who would have practically the same power as a deputy minister. By this method, it would be possible to relieve the deputy minister of some of his duties.

Another provision of the bill changes the name of the department from that of Customs and Excise to that of the Department of National Revenue, or the Department of Revenue. This change was made, Mr. Eider said, not from any prejudice because the department under the present name had been under attack, but because it was thought the new name more properly describes its functions.

Britain Remains Neutral

Taking No Sides in Struggle at Shanghai Says Chamberlain

London.—Great Britain will continue to maintain an attitude of strict neutrality in the struggle between the contending Chinese forces, Sir Austen Chamberlain said in the House of Commons. Asked whether the United States is co-operating with British authorities in the defence of the international settlement at Shanghai, the secretary of foreign affairs said the United States was acting independently in defence of its own interests in China.

"There is no rivalry between the United States and ourselves," declared Sir Austen. "They act as an independent power and as they think proper."

Sir Joseph Hall asked whether this meant that the United States was unprepared to take action in the defence of Nationals of other countries. "No, I have not said that," responded Sir Austen. He added that he was not inclined to define the attitude of a foreign power in unconsidered answers to such questions.

Coal Rates Case

Ottawa.—That the coal rate case is within the jurisdiction of the railway commission, and no direction will be given is the decision of this privy council of Canada on the request of Alberta and Saskatchewan for immediate disposal of the case by the railway board. Chief Commissioner McKeown made this announcement at the freight rates session of the railway commission.

Will Not Land in Nicaragua

London.—Sir Austen Chamberlain, foreign secretary, reiterated in the House of Commons that no force would be landed in Nicaragua by the cruiser Colombo, which has proceeded to Sorloto, where conditions are disturbed by civil war. He added that the Colombo would not remain at Sorloto very long unless it should be needed as a refuge for British subjects.

Dominions Are Invited

Sydney, N.S.W.—An invitation has been extended to all the British Dominions to be represented at the opening of the parliament houses at Canberra, by the Duke of York on May 5. Premier Bruce has expressed the hope that Canada will send a minister.

Oil Magnate Hard Hit

Edward L. Doherty Will Lose Millions As a Result of Court Decision

Washington.—Edward L. Doherty will lose \$2,000,000 as a result of the Supreme Court's decision of canceling his lease of Elk Hills, California, oil reserve from the navy department.

Of this amount \$500,000 in cash is held by the receivers, who have operated the reserve during the past year. It represents the value of the oil he received as a royalty payment for working the deposits of the reserve. The balance represents expenditure made by the Doherty interests in mining the oil and constructing fuel tanks at Pearl Harbor, Tawahi, and the oil stored there.

Raise Pool Payment

A New Rate of Initial Payments to be Made by Manitoba Pool

Winnipeg.—A new rate of initial payments to be made by the Manitoba Wheat Producers, Ltd., on all pool grain was announced here by R. M. Mahoney, manager. The revised rates become effective on March 9. The schedule follows:

Durum and durum mixtures, where durum predominates, 20 cents; all other grades of wheat, 15 cents; all grades of oats, eight cents; all grades of barley, six cents; rye, 12 cents; flax, 20 cents.

The increase affects both street and carload lots.

U. S. VESSELS SEIZE RUM SHIP ON THE HIGH SEAS

San Francisco.—That the Government has carried its war against liquor smugglers to the high seas without regard for the 12 mile limit in cases where the ships involved are known rum-runners, became apparent here as Federal officials discussed the seizure of the freighter *Federalsch*, owned by the Consolidated Exporters, Inc., of Canada, 300 miles off San Francisco, with upwards of \$1,000,000 worth of Scotch whiskey aboard.

The seizure was conducted under orders from Lieutenant Frank Austin, aide to Captain P. G. Dodge, district coastguard commander.

W. B. Hamilton, collector of customs here, although disavowing any connection with the seizure, said he "suspected" it was made as the result of an understanding among the governments of Canada, the United States and Panama and also with the advice of United States Attorney General Sargent.

The *Federalsch*, one of a fleet owned by the Consolidated Exporters, Inc., which recently figured in smuggling investigations by both the Canadian and United States governments, was watched by coastguards since February 25, when, on sailing from Vancouver, B.C., she changed her registry from British to Panamanian. At the time she was reported heading for Tahiti.

The coastguard cutter *Algonquin* was sent to follow the *Federalsch* and later the cutter *Cabotville*, Blarney and Smith were sent from here to aid.

Mecca For Champions

Quebec City has become the gathering place not only for winter tourists but for champions in every line of winter sports. The Canadian indoor speed skating championship races, held there recently attracted over 25 prominent speed skaters from many parts of Canada and the United States.

The above photograph was taken at the Chateau Frontenac and shows at the right, Lella Brooks of Toronto, holder of practically all Canadian women's speed records and many world records. At the left is Isabel McCulloch, another prominent Toronto speed skater. Between these two young ladies is another champion, a champion of the northern trails and none other than Mountie, the lead dog of the Chateau Frontenac dog team. Mountie has a long record of service with the Royal Canadian Mounted Police in the north, and always wins the hearts of the guests at the Chateau Frontenac.

PROPOSED TAX ON FURS FROM NORTH COUNTRY

Ottawa.—For the first time in 200 years a tax is to be placed upon furs from the Northwest Territories. Within a few days Hon. Charles Stewart, minister of the interior, will introduce a bill into the House of Commons to empower the Commissioner-in-council of the Northwest Territories to impose a tax per pel on furs.

At the present time about \$2,000,000 worth of furs are taken from the territories each year by trading companies without revenue to the federal government. The proposed tax is designed to meet to some extent the cost of maintaining the administration of Canada's northland. It is pointed out that every province of Canada has some sort of tax upon furs taken within its boundaries. The tax is to be upon exportations in order not to work any hardships upon the natives who depend upon skins for clothing.

Involve Questions of International Law

Rum-Running Case Taken to Canadian Legation at Washington

Washington.—Rum-running cases affecting Canadian citizens and ships of Canadian registry are beginning to find their way to the new Canadian legation here.

Formerly they were dealt with by the British Embassy, which will dispose of most of the cases begun before the Canadian legation opened. Others are being turned over to Vincent Massey, the Canadian minister and his staff at discretion of the Department of External Affairs at Ottawa.

Some of the cases involve difficult questions of international law and will form one of the most delicate tasks confronting the Canadian legation.

Diamond Rush in South Africa

Gems Worth Quarter of a Million Found on Farm

Johannesburg.—Diamonds estimated to be worth \$50,000 (about \$250,000) are reported to have been found in a hole on the Grasfontein farm, reputed to contain the most valuable diamond deposits in the world. The hole, 25 feet deep, is said to show no signs of having been cleared of its diamond deposit.

The Grasfontein farm in the Transvaal was proclaimed open to public digging last week, but there was a premature rush to stake claims before the signal was given. The stakes set out by eager peggers were pulled up and the claims nullified, and the authorities are considering the advisability of arranging another rush.

Babe Ruth's Contract

New York.—Babe Ruth, home run king of baseball, came to an agreement with the New York Yankees under which he will receive a new three year contract at an annual salary of \$70,000.

Proposal of Western Livestock Men Opposed

Eastern Producers Against Changes Advocated at Regina Conference

Ottawa.—Eastern livestock producers and representatives of the livestock exchanges in this part of the country who met the minister of agriculture went dead against the proposal of the Regina conference of Western livestock men who had contemplated amendments this season to the Livestock and Livestock Products Act.

At the Regina conference the main resolution adopted was that the actual administration of stockyards be taken out of the hands of the exchanges and placed directly under the Department of Agriculture. They favored marketing on the co-operative plan.

When this proposal was submitted to the conference of Eastern interests here they all objected to any such provision. They admitted the development of co-operative marketing and agreed to adequate provision for the sale of the Act, under department supervision, but they objected to the exchange being put out of business.

The Act is to be entirely revised this season and, on a variety of things, the opinion of the livestock interests is sought but marketing is the most important issue.

The Government will have to decide the matter but, meanwhile, the conference decided that the Western view is utterly dissimilar from that of the East.

Are Hostile to Soviets

Opposed by Majority of Russian People Says Kerenky

New York.—Alexander F. Kerenky, who headed the revolutionary government established in Russia after overthrowing the czar, arrived in the Olympic for the purpose of studying American principles of liberty. He also intends to write for American consumption on the present day Russian situation.

Kerenky thought 99 per cent of the Russian people were hostile to the Soviet. He expressed the opinion, however, that more good had come out of the Soviet "although it had turned sour," than could ever have come out of the Czarist regime.

Pilgrimage to Holy Land

Ottawa.—Preliminary steps have been taken to organize a Canadian pilgrimage to join with the fourth annual Anglo-Catholic pilgrimage to the Holy Land this summer. This will be the first time that Canadians will take part in the pilgrimage officially.

May Extend Term of Office

Ottawa.—Major-General J. H. MacBrien, chief of general staff department of National Defence, whose resignation was to take effect on May 1, will probably continue in office until June 1, as the result of the request of the Minister of National Defence.

Build Three Cruisers

Washington.—The appropriation for three new cruisers put into the naval bill by Congress over the recommendation of President Coolidge, received presidential assent when Mr. Coolidge signed the bill.

APPROVE BUDGET BY A MAJORITY OF 23 VOTES

Ottawa.—The first budget of Canada's sixteenth Parliament has been carried in the house by a majority of twenty-three votes. Approval of the budget on division by a vote of 111 to 88 produced none of the elements of surprise; while defeat of the Coote amendment by 182 to 21 was likewise expected. The debate, however, was one of the shortest on record.

Liberals and Liberal Progressives lined up solidly in support of the budget on the division, while, with three exceptions, Conservatives, Progressives and members of other groups voted in opposition. The exceptions were: H. B. Adhead, Labor, Calgary East; L. H. Jelliff, U.F.A., Lethbridge, and A. W. Neill, Independent, Comox-Alberni. All three voted for the budget. Henri Bourassa, Independent, Lethbridge, voted against it.

As indicated early in the discussion the Coote amendment found its supporters in the U.F.A., Progressive and Labor groups. The amendment was moved by G. Coote, U.F.A., Macleod, and seconded by A. W. Heaps, Labor, Winnipeg North, following a conference of the members of the three groups who supported it.

ROYAL MARINES FOR THE DEFENCE OF SHANGHAI

Shanghai.—Shanghai's international settlement welcomed 1,500 Royal Marines from the British steamer *Minotaur* who were headed to strengthen the forces which already have taken up positions for the defence of the district.

Meanwhile, news was received that the Cantonese armies had executed several movements indicating that their next major effort will be a thrust toward the Nanking railway to cut off the defending Shantungese forces from their base, rather than a continuation of their direct advance from the south upon Shanghai.

While the general movements of the armed forces continued, agitators within the city were urging an attempt to break down the administration of the international settlement as at Hankow recently, and were advocating a general strike. The conviction that Russians were connected with this movement was expressed by the local authorities.

General Chang Tsung Chang, who heads the Shantungese forces upon whom virtually the burden of the defence of Shanghai falls, has authorized his officers to execute anyone attempting to damage railway communications or to influence the railwaymen to strike.

A great crowd of foreigners and Chinese gathered outside the British consulate to welcome the newly arrived Royal Marines who marched with gleaming bayonets and trench helmets along the Bund to their billets in the eastern part of the settlement.

Vancouver Men Chosen

Four Posted to Special R.C.A.F. Squadron for Hudson's Bay Survey

Vancouver.—Four Vancouver men have been posted to the special Royal Canadian Air Force Squadron which will fly into the Hudson's Bay country for a fifteen months' survey of ice conditions, it is announced.

Squadron Leader J. H. Tudhope, M.C., officer commanding the Vancouver unit, has been assigned to Ottawa that Flying Officer A. Lewis, of Winnipeg, who came here recently as instructor for the training courses this spring, and Pilot Officer A. J. Ashton, who had been adjutant of the *Jericho* for some time, have been posted to the special squadron.

Lewis and Ashton will remain at Camp Borden in Ontario until June, in training for the flight.

Sergeant Perry, quartermaster, and Corp. Semple, carpenter-crafter, have also been ordered to the Hudson's Bay flight. Both have been at Jericho Beach for some years.

It is understood that eight machines will comprise the squadron, which will establish its base at Hudson's Bay and do regular patrols from June, 1927, until October, 1928. Twelve officers and 50 men will be employed.

Immigration Campaign

Hon. H. Greenfield is Now Established in London

Edmonton.—Premier Brownlee has received word from Hon. H. Greenfield that he is now established in the new Alberta office in London and has begun work in connection with the immigration campaign to be carried on in the Mother Country this year and after. Office accommodation has been taken for the present in the Hudson's Bay Company building and the work of stimulating some new interest in Alberta as a desirable field for British emigration will at once be set going. Mr. Greenfield intimates it is his intention to send weekly reports to the Government here as to the progress of his mission and the prospects for future colonization from that quarter.

Wants New Saar Head

Paris.—The Parisian Press understands that Canada is anxious to provide a successor to Major G. W. Stephens, Montreal, in the presidency of the League of Nations commission governing the Saar. The newspaper believes that doubtless "Sir Austen Chamberlain, British foreign secretary," would support Ottawa's choice of a nominee.

Will Meet at Coast

Vancouver.—Final arrangements have been completed here for the holding of the fifth all-Canadian conference on child welfare in this city May 23, 24 and 25 in Victoria. May 25, at a meeting between Miss Charlotte Whittom, Ottawa, secretary of the Canadian Council of Child Welfare, and a local committee.

PROVINCIAL FINANCES

A surplus on current account in the provincial treasury of \$17,800 is announced by the publication of the public accounts for 1926 presented to the legislature this week by Hon. R. G. Reid, provincial treasurer. The total revenue was \$11,912,138.87, and the actual expenditure was \$11,894,327.74, leaving a balance of \$17,800. The revenue received was in excess of the amount estimated at the beginning of the year by \$212,275.88, while the actual expenditure was in excess of the estimated expenditure by \$216,464.81. A saving of \$126,570.71 was effected in ordinary expenditures over those estimated at the beginning of the year, but special warrants to provide for unforeseen items, such as election expenses, interest on debenture debt and savings certificates, increased expenditure under the mothers' allowance act, etc., amounted to \$343,055.52, making the net over-expenditure above the estimates \$216,464.81.

The actual cash surplus for last year was \$220,000, but after taking care of unpaid accounts at the close of the year, the surplus was reduced to \$17,800.

A New Yorker met a Scotchman just back from the Florida golf courses, struggling up Broadway, dragging an alligator. "What are you doing with that alligator?" he asked.

"The son of a gun has got my ball," replied the Scotchman.

Macleod Elks will hold a birthday party on Tuesday night next and have extended an invitation to the members of Blairmore lodge to attend. It is likely that the local lodge will be well represented.

TOURIST HIGHWAYS

Alberta is to have an added attraction for tourists during the coming season, with the completion of permanent all-weather highways through the main parts of the province. The trunk highway from the International border through to Edmonton will be completely gravelled during the coming season and will be practically ready for all tourist traffic. The highway from Calgary west to Banff and from Macleod west through the Crows' Nest Pass have also been completed for tourist travel and this will now give road access for tourists to some of the most famous mountain scenery in the world—Kimberley Pass.

A WEEK'S DIARY OF A FLAPPER

Monday—Went out riding with Tommy last night. He kissed me thirty-six times and owns some huge. I told him not to get familiar with me, and he didn't.

Tuesday—It was Dan last night. Nice kid, but needs wiping up a bit. Talked about books and art. Never again.

Wednesday—Ned was at the wheel last night. That is, until we stopped. Threatened to scream six times. He dated me up again for next week.

Thursday—Parked with Joe last night. His knees are awfully skinny, and he's got a noisy kiss, and gets excited. Last resort hereafter.

Friday—Jimmy and I and the moon last night. Sufficiency! Oh boy!

Saturday—Al took me out last night. Didn't ride much. That boy sure has a movie kiss tied to the hitching post.

Sunday—It was Bert's date last night. The simp got serious. Called me a sweet little girl that needed protection from the world. Applause.

The Claresholm Press remarks: The Press was informed this week that the price of gasoline in Vancouver was cheaper than in Alberta, and yet considerable Turner Valley product was finding its way there, if this can be substantiated, it is certainly an exploitation of natural resources at the expense of the Alberta people.

George Sangster says he is glad Robbie Burns has one birthday a year.

A REVIEW OF THE BLAIRMORE JUNIOR HOCKEY

The following review of the Blairmore Junior Hockey Team has been circulated through the Associated Press:

It was a sperry-like aggregate on that amazed itself against the formidable forces of the Canadians, of Calgary, holders of the world's junior title, and four times finalists in the western playoff. Assuming a two-goal margin on home ice, they went to Calgary, and before a hostile crowd, they defended their lead, although beaten 1-0.

The conquest of the Canadians has won great acclaim for the Blairmore club. The boys from the Pass, favored with several years of hockey contact, have developed a nice club, light, but speedy, and there's a smart system of offensive play that is difficult to control. The persistent checking is what blasts the best out of an opposing attack. In goal, Dave Kemp has proven the engine of raiders all winter.

The Tuxis boys have been together for four seasons. In that time they have annexed five titles, one being in baseball. They won the provincial midget championship in hockey and twice in baseball. The next season they carried the same honors in juvenile company. They won their way to the Alberta junior baseball final last summer, but lost out to Macleod.

This winter, in junior company the Blairmore boys downed the Calgary Falcons in the "B" class series, after losing the first game on Calgary ice. They also won over Edmonton on Blairmore ice in an overtime contest. Then they won the provincial title from the Canadians in the "A" final.

Rev. W. T. Young, a minister of the gospel, is manager of the Tuxis club. He has always taken a keen interest in the development of athletics among the Blairmore boys, and has been responsible for the carrying on of the club, which has brought signal honors to the coal town.

All the boys in this junior group will be eligible to play again in the same class next year, with the exception of Vangotsinoven, who will be past the age limit. Several of the younger boys in the juvenile group will be well qualified to fill up any gaps that may occur in the junior ranks, and it is expected that the same group of boys will be together again in the fight for more provincial honors next year. A good following of younger members of the Tuxis group are available in the nature of reserve material, and at the present time are competing in both the juvenile and midget provincial championships, and are very anxious to keep up with the high standard set by the elder members.

Great credit is due to the Blairmore Arena, Company, Limited, for the generous manner in which they have given their hockey sheet to the boys for practice. Both "Bob" Gray, manager of the Arena, and "Jim" England, the ice man, have always been willing to allow the boys every possible use of the ice.

The following comprise the junior team:

Dave Kemp, goal, Scotch, age 18, weight 155, height 5.8, born in Frank, Alberta, Christmas, 1908; learned all his hockey in Blairmore, prefers to play out on the ice, but is too valuable as a goalie to allow such a sacrifice.

Jollette Houbrechts, left defense, Belgian, age 18, weight 180, height 6.2, born in Leige, Belgium, July, 1908, resided 14 years in Blairmore; learned all his hockey in Blairmore and has developed a real slicing shot. In addition to being a clean defense player and a star pitcher on the baseball diamond, holds the senior tennis championship of the Crows' Nest Pass.

Alfred "Gus" Vangotsinoven, right defense, Belgian, age 19, weight 140, height 5.9, born in Leige, Belgium, October, 1907, resided in Blairmore since 1912, Gus has a wonderful poke check, and is not bother-

ed by the size of his opponent, using a body to advance, and employing a peculiar style of stick-handling and skating which bewilders the opposition.

Idris Evans, right wing, Welsh, weight 145, age 18, height 5.6, born near Blairmore, August, 1908; learned to play hockey at Banhead and moved to Blairmore in 1923.

Jack Ozko, centre, English, weight 115, age 18, height 5.7, born in England, April, 1908; learned to play hockey at Banhead, and moved to Blairmore in 1923. Jack is the smallest man on the team, but lays down a wonderful hook-check; is very fast in breaking away and a dangerous man around the net; shoots left handed.

Norman Andersen, left wing, Canadian, weight 145, age 18, height 5.10, born in Frank, December, 1908; learned to play hockey around Blairmore; a truck wing man, using the boards to advantage, and packs a first shot.

Jimmy McVey, left wing, Canadian, weight 127, age 18, height 5.9, born in Frank, November, 1908; played all his hockey in Blairmore; a fast skater, and a hard checker. Jimmy holds the three-mile running championship for the Crows' Nest Pass, and is good for 60 minutes when required.

Eric Hornquist, right defense and goal, Swedish, weight 150, age 16, height 5.11, born in Merritt, B.C., 1908; still attending high school; learned his hockey in Blairmore.

Henry Vanduren, right defense, Belgian, age 17, weight 150, height 5.11, born in Coleman, 1909, resided in Blairmore since 1921; plays right defense for the juvenile team, and played one game against the Canadians in Calgary.

Rev. W. T. Young, manager, minister in the United Church, Blairmore, and in the Crows' Nest Pass since June, 1911. Mr. Young was the first man to organize young people's work in the Pass, and has been particularly successful with boys' work, holding many championships amongst his boys for baseball, basketball, tennis and field athletics.

Walter W. Scott, coach, born at Winton, Ontario; learned his hockey in Bruce County; played senior hockey in 1906 and 1907 at Banff and in the Crows' Nest Pass from 1908 to 1924; since then he has been acting as official referee in the Crows' Nest Pass. Organized and coached for two years the Fernie, B.C., Ladies' Swastika hockey team.

"Jack" MacAndrew, trainer. Well known athlete in hockey and football circles.

Here and There

During 1926, the Canada Colonization Association settled 734 families on 108,094 acres in Western Canada. 59,218 acres of which were in the province of Manitoba.

Plans have been completed for the World's Poultry Congress, to be held in Ottawa from July 27th to August 4th. More than thirty countries will be represented and the number of delegates is expected to reach 6,000.

Shanghai is at the present time operating more trolley buses, carrying more passengers per mile of route, and charging a lower fare in terms of gold wares, than any other system in the world.

The champion Jersey cow of the world, an out and out British Columbia product, is to go on tour according to the directors of David Spencer Limited of Vancouver, who started the champion worlder arrive at the Canadian Pacific Express yards shortly.

Reports indicate that the many dairy companies in Nova Scotia have had a most successful year. One company reports that they manufactured well over 190,000 pounds more butter than in 1925. This increased production was valued at over \$50,000.

Developments in bacon-hog raising in Nova Scotia and particularly in the Annapolis Valley as a by-product of the dairy industry, is already an assured success. In 1926, 21 swine clubs were functioning successfully in the Province. Of these eight operated in the Dominion Atlantic Railway territory.

"My, but your little brother is growing!" Johnny Dicken says the only difference between his girl and a policeman is, when the policeman says "stop" he means it.

MONTREAL FAN SAYS MONARCHS CLEANEST PLAYERS IN THE WEST

It is seldom that an unbiased spectator takes the trouble to express opinion on the merits and demerits of representatives in any line of sport or of cities in which he has no particular interest. Following is a letter from a Montreal fan who witnessed the games between the local Monarchs and the Calgary Wheat Kernels. The Monarchs have established a reputation for clean play and good sportsmanship throughout Alberta. Victory does not always carry with it the greatest honor.

Medicine Hat,

March 1st, 1927.

Editor Medicine Hat News:

Dear Sir: Will you allow me space to say a word of praise for your hockey team? It afforded me great pleasure to see both of the games at Calgary and Medicine Hat. As I have been up here from Eastern Canada in connection with business for over a month, I have taken in a lot of hockey at Calgary since arriving in the West. I saw the boys from your city play and they sure have a warm spot in my heart as they are the cleanest hockey players I have seen in the West. Now in regards to that game at Calgary: I don't know who looks after the game in the West, but I can say, if it was down East, the goal scored by Calgary with a Hat man down injured, would not have been allowed and the game would have been a tie. I also heard people from Calgary admit it, too. Now your boys need not worry; they have the stuff and the real Canadian way of playing hockey clean and fair, but it is sure more than I can say of some of the Calgary players.

There was a sure goal for the Hat at Calgary in the first period by No. 3 of your team when he was unfairly tripped at the goal and so far as I could see it was not the puck they could see—it was the man. Now I hope I may be along again next winter to see your team and only hope they can keep to the clean Canadian way of playing hockey as I have seen them do. Every success will come to those who play the game fair.

Yours respectfully,

W. J. ANDERSON,

1604 Victoria St., Montreal, Que.
[No. 3, referred to in the above letter, is George Bond; formerly of Blainmore.]

PROVINCIAL AMATEUR BOXING CHAMPIONSHIPS

The Calgary city and district elimination contests for the amateur boxing championships of Alberta will be decided at the Memorial Hall, Calgary, on March 17th and 18th.

Entries should be made on the prescribed form not later than March 15th. Entrants must have amateur cards and entry forms may be obtained from and will be received by Joseph Fairley, the secretary-manager, to whom also application should be made for amateur status.

IT'S ALL IN THE STATE OF MIND

If you think you are beaten, you are;
If you think you dare not, you don't;
If you think you'll lose, you've lost,
you can't;

It's almost a "cinch" you won't;
If you think you'll lose, you've lost,
For out in the world you'll find
Success begins with a fellow's will—
It's all in the state of mind.

Full many a race is lost
Ere even a race is run,
And many a coward flinches
Ere even his work's begun.
Think big, and your deeds will grow,
Think small and you fall behind,
Think that you can and you will;
It's all in the state of mind.

If you think you are outclassed, you are;
You've got to think high to rise;
You've got to be sure of yourself before

You can ever win a prize.
Life's battles don't always go
To the stronger or faster man;
But sooner or later, the man who wins
Is the fellow who thinks he can.

BLAIRMORE JUVENILES DEFEATED BY CALGARY SHAMROCKS IN OVERTIME

Shamrocks, winners of the Calgary Juvenile League, after twenty minutes of overtime play, defeated the Blainmore Juveniles 6-3 at the Arena Saturday night, and thereby won the round 11 goals to 10.

The Irishmen were very lucky to win, as the goal scored by Scott near the end of the first overtime period to again even up the series, was of the very softest variety. It was a shot from just outside the defense, the puck rolling along the ice for at least 10 feet before it went into the goal.

The first period was scoreless and the Shamrocks scored twice in each of the following periods, while the Blainmore boys were scoring one goal in each of these periods.

At the end of the hour's play, Shamrocks were leading 4-2, which tied up the series. In the first five minutes of overtime play Archie Kemp put the Blainmore boys ahead with a pretty goal, and near the end of the second five minutes overtime period Scott scored the overtime goal of the night for the Shamrocks, to again even up the series. In the third five minutes overtime period McElae scored the winning goal unassisted or a shot from just outside the defense.

Blainmore boys proved to be a real team, and a lot of credit is due to Rev. Mr. Young for the wonderful teams he has gathered together in Blainmore this winter.

The teams:

Blainmore—Goal; McKay; defense, Kemp and Vanduren; forwards, P. Anderson, Martini, J. Joyce, McDonald and C. Joyce.

Shamrocks—Goal; Fisher; defense, Scott and McRae; forwards, Holt, Rodgers, S. Anderson, McConnell and Bercov.

Summary of goals:

First period—No score.

Second period—1, Blainmore, Vanduren; 2, Shamrocks, McConnell; 3, Shamrocks, Holt from McConnell.

Third period—1, Blainmore, J. Joyce; 5, Shamrocks, Bercov from McConnell; 6, Shamrocks, Holt.

First period overtime—7, Blainmore, Kemp; 8, Shamrocks, Scott.

Second period overtime—9, Shamrocks, McRae.

Referee—Tom McKenna—Calgary Albertan.

5000 FACTS ABOUT CANADA

Canada's jubilee year, celebrating the sixty years of Confederation, is fittingly emphasized in the 1927 issue of "5000 Facts About Canada," the famous tabloid encyclopaedia of the Dominion compiled by Frank Yeigh, the well-known Canadian publicist, lecturer and author. It is a tonic to read of our remarkable national progress, as tersely set forth in this unique booklet, under fifty chapters, from "Agriculture" to "Yukon." The contents are more varied than ever, and will prove a revelation to the reader. No better way of making known our resources, wealth and prospects exists than this publication, and it should have a wide circulation this year. The government could well afford to use it widely in this and other countries. Copies may be had from leading bookstores, or by sending 35 cents to Canadian Facts Publishing Company, 388 Huron Street, Toronto 2, Ontario.

GAS AND OIL PRODUCTION

Preliminary figures from the bureau of statistics at Ottawa on the production of natural gas and petroleum in the province of Alberta for 1926 are given as follows:

Natural gas production 10,418,697 thousand cubic feet, valued at \$3,041,100.

Petroleum production 217,088 barrels, valued at \$906,968.

Alberta is now the largest producer of oil and gas in Canada. In 1925 the production of gas amounted to approximately 9,000,000 thousand cubic feet, and the production of oil to 188,000 barrels.

ALBERTA MAY HAVE BIRD SANCTUARY

The following editorial is copied from a recent issue of the Hanna Weekly Herald and should be of interest to all people in Alberta:

"Jack Miner, that famous lover of bird life, who has been responsible for an awakening of interest in conservation of game birds all over the continent, will no doubt hear with gratification that one more sanctuary may soon be set up in Alberta. The chief game guardian, game wardens and sportsmen alike should all receive the announcement with approval.

"West of Hanna, about a mile, is situated a shallow body of stagnant water, designated on the maps as Lake Hanalta, but known to oldtimers of the country as Bum Lake. On this lake, during the migratory seasons, can frequently be seen thousands of ducks as well as flocks of that greatest of game birds, the Canada goose.

On their way up from the sunny south, the birds rest and feed on this lake and during the closed season many a brood is hatched around its shores. Unfortunately, however, the lake is so conveniently situated that the opening of the season sees it visited by swarms of hunters, with veritable arsenals of guns, who soon kill or drive away the last lone duck, and with the exception of the unwanted mud-hen, not a bird remains around Bum Lake unless it is so wounded that it cannot get away.

"That this lake may be set aside as a game bird sanctuary is the wish of local sportsmen. A petition, signed by hundreds of individuals, and endorsed by such organizations as Kiwanis, Gun Clubs, etc., is now being presented at Edmonton, and Benj. Lawton, chief game guardian, is being asked to take action.

"Some of the benefits which will accrue to this section of the province, if a sanctuary is established, are: Game birds will be afforded an ideal local resting and breeding place; with a protected feeding area, the game birds will be encouraged to remain in this part of the country; intending to plant wild rice, or other suitable feed for game birds, the sponsors of the sanctuary expect that a big increase in the number of game birds in the immediate district will naturally follow; with a recognized sanctuary, under the proper protection, the young ducks which are so mercilessly slaughtered each year by unthinking hunters, will be given a chance to develop into mature birds, worthy of marksmanship of the true sportsman; but aside from what may be thought a selfish reason from the viewpoint of the hunter, there is really a humane sentiment behind the proposal.

"Game birds, and especially ducks and geese, are not now to be found in the numbers seen a few years ago. The responsibility for this can, to a large extent, be laid at the door of excessively dry conditions. Many of the sloughs and small lakes have become but dry bottoms. But, this situation is steadily improving, with better seasonal conditions, and many of the famous shooting grounds of years gone by are again attracting the mallard and the teal.

"To conserve the game life already existing here, and to encourage a greater influx of water fowl into this immediate district, it is proposed to turn a few square miles of what is now waste land, into a sanctuary where the hunter and gun will have no place, and where the feathered beauties may enjoy the natural security and peace of a land far removed from the perils of civilization. "May the proposal succeed!"

THE SONG OF THE SHIRTMAKER

Collectors of choice examples of "English as she is written"—getting rarer nowadays, as education spreads—will be interested in the amusing little advertisement here reproduced, which appeared recently in the Star-Bulletin, published at Honolulu, the capital of the Hawaiian Islands.

The garment Mr. Musa-Shiya is offering appears to be a species of bathing wrap, but exactly what he means by "coat reaching best place of leg for attractively for shameless every time according to law covered

at least for knee," it is difficult to say. One likes, too, that cryptic final instruction, "Pass away insides immediately." It sounds so much more attractive than "Please walk in!"

Musa-Shiya the Shirtmaker.

WORLD HAPPENINGS BRIEFLY TOLD

The French cabinet has approved the tentative text of the Franco-American Provisional debt payment agreement.

Steel rails worth £200,000, imported from continental steel firms, have been condemned as useless by South African railway experts.

The cost of the Parliamentary committee which investigated the customs department at the 1925 session was \$127,109.07, according to a return tabled in the House of Commons.

It is the intention of the Prince of Wales to stock Grove Farm, Lenton, his new purchase near Nottingham, with Shorthorn cattle, a breed in which he is particularly interested.

A tramp in Christchurch, Hampshire, England, was sentenced to a day's imprisonment for begging a bucket of hot water. It is no offense to beg cold water, but hot water is a misdemeanor.

Women of Japan are in the midst of a brisk campaign to save a yen a day (about a half-cent) to aid in paying the Empire's foreign debt. Already considerable money has been deposited and the promoters hope to obtain a considerable sum.

The Canadian and United States Governments are to work in close cooperation in the investigation of problems affecting the mineral industry in both countries. It was announced, following a conference of Canadian and United States Government officials at Ottawa.

Creation of a Pan-American peoples great highway commission to plan for the construction of a highway from Detroit, Mich., to South America, is provided in the Cameron Bill, passed recently by the Senate. An appropriation of \$300,000 is provided.

The German War Office ordered the governors of fortresses on the eastern boundary of Germany to begin dynamiting the fortifications whose demolition was stipulated in the recent agreement at Paris between the German experts and the ambassador's council. The destruction of the fortifications, it was agreed, must be completed within four months.

COSTIVE BOWELS, HEADACHE, COLDS TAKE "CASCARETS"

No Headache, Sour Stomach, Bad Cold or Constipation by morning

Get a 10-cent box now. Purged Tongue, Bad Colds, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which causes and ferments like garbage in a still barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give you constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.

Ask Insurance for Unemployed
A proposal that the committee on industrial and international relations be instructed to investigate and report on the establishment of a system of insurance against unemployment, sickness and invalidity will be made in the House of Commons shortly. The proposed resolution will be introduced by A. A. Heaps, Labor, Winnipeg, North.

In the general movement in India to abandon centuries-old custom of hoarding gold, an Arab recently converted his savings into \$350,000 worth of government securities.

When a man is a little mellow he imagines that he is ripe for anything.

Mothers Prefer It

Because they know it is safe and sure, and the children like to take it.

Dependable for sudden Croup.

No Narcotics—25c and 50c

Britain is Becoming an Air Faring Nation

Price of Light Airplanes Has Been Materially Reduced

Lord Thomson, Air Minister in the Labor Government, recently declared that in order to exist Britain must become an air-faring nation. Nothing has done so much to make her nearer to the ideal of an air-faring nation as has the formation of the flying clubs. These clubs have been directly responsible for raising an interest in their various crafts, and this interest has resulted in creating a market for the light aeroplane. The Evening News, in announcing that the De Havilland Moth had been reduced in price from £735 to £730, stated that this was but a first move in price cutting of the air runabout.

Now comes the news that the Avro Avian, a machine very similar in main characteristics to the Moth, has been reduced to £675. Moreover, service stations for the repair, overhaul and general maintenance of Avians have been opened at Manchester and Southampton. Other such stations will be opened where necessary in different parts of the country. People are asking why it is that the cheapest aeroplanes cost around £700, when a fully-equipped saloon car can be bought for £195. There are two reasons why the price is high. The least important reason is that the price can be reduced when the article is in mass production—the light aeroplane is not yet in that state. Second and most important is Air Ministry control. The 27-60 h.p. Cirrus engine costs over £250.

Working Women Want Change

Too Many "High-Brows" in British Parliament Opinion of Women Socialists

Many women in the Socialist and Labor movement in England, have reached the conclusion that too many "high-brows" are representing them in parliament. They point out that there are no genuine working women selected as Socialist parliamentary candidates but that women of higher social rank can obtain nominations quite easily. Consequently plans are under way to raise a fund of \$15,000 a year so that working women will have a better chance of competing with their more "aristocratic" sisters in the party for parliamentary honors.

"IDEAL FASHIONS"
by J. P. Hamilton

An Attractive New Dress
Grace and charm are admirably combined in the smart dress shown here. The front and back are in one piece and a fitted tunic may be added as in View A. A lower lace is used for the deep vestee and frills finishing the long pointed sleeves. A crushed belt fastens with a front closing buckle and there is a chic tie collar. No. 1524 is in sizes 36, 38, 40 and 42 inches bust. View A size 38 bust requires 4 1/2 yards 39-inch material, or 3 1/2 yards 44-inch. View B requires 3 1/2 yards 39-inch material, 1 yard allover lace is required for vestee and sleeve frills. Price 20 cents the piece.

Rural Sanitation

(By C. W. Peterson)

The best "country doctors" that live out of ten farmers would call are the well drilled and the plumber according to A. W. Rothwell, one of the leading sanitary engineers of the U.S.A. In a recent statement on rural health he is quoted as saying: "The country cemeteries are silent accusers of the unsanitary, wasteful and wife-killing farm system 'enjoyed' by the average farm home, according to U.S. Census figures that show that also out of ten farm homes are still without running water in the home, though automobiles and telephones are found in nearly 100 per cent. of some sections. Such diseases as typhoid and others that come from contaminated water supplies, as well as disease originating with constipation, are practically all due to impure water supply for all the home and the carrying in of what little water is used. Death among babies runs three times as high in homes where all water must be carried into the home by hand as where the supply is piped in under pressure and connected with bath and proper sewer disposal, according to health officials."

Unfortunately this state of affairs is equally as bad in rural Canada. Health is one of the first essentials of life and yet how seldom we pay attention to important safeguards, particularly if money or effort is required in putting them in force. Better rural sanitation is one of the great needs of Canada today. A denser rural population would solve many of the sanitary problems of the Canadian farm. Better roads leading to greater social intercourse would naturally follow which would bring into its train a tendency to study more closely the wisdom of providing the household conveniences that make the farm home more sanitary and attractive.

Over Sixty Years Old and Still Agile and Alert

Alberta Lady Very Enthusiastic About Dodd's Kidney Pills

Mrs. M. Griffin Completely Relieved of After Effects of Influenza.
Lula Thelms, Alberta (Special)—The following remarkable testimony is from Mrs. M. Griffin, a well-known and highly respected resident of this place. "In the winter of 1918 I was sick till January, 1919, when I got better. I used to have awful pains in my back; so bad at times, it would draw me double, I could not walk fast without crying out with pain. I tried everything. I read about your Dodd's Kidney Pills and bought three boxes. By the time I had used the second box I could run across the street to get the car. I would not be without them, they are worth their weight in gold. I am 62 years old and could run a foot race with any young girl."

This wonderful remedy—Dodd's Kidney Pills can be obtained at all druggists, or The Dodd's Medicine Co., Ltd., Toronto, 2, Ont.

Honey Production in Alberta
Honey production in Alberta is increasing. The 1926 output being 60 per cent. greater than the year before, \$36,000 in value, as compared with \$23,000. One man in the Lethbridge district produced nearly 50 tons, another 16 tons.

When a mother detects from the writhings and fretting of a child that worms are troubling it, she can procure a reliable remedy—Miller's Worm Powders which will expel all worms from the system. They may cause vomiting, but this need cause no anxiety, because it is but a manifestation of their thorough work. No worms can long exist where these powders are used.

The city council of a city in India has prohibited the killing of mad dogs, on the ground that they are the same as human lunatics and must be put in asylums.

Property in the west end of London is still held on leases granted three or four centuries ago.

SUNDAY SCHOOL LESSON

MARCH 13
MAKING THE WORLD CHRISTIAN

Golden Text: Go ye therefore, and make disciples of all the nations. Matthew 28:19.

Lesson: Matthew 28:10-20; Acts 16:6-15.
Devotional Reading: Isaiah 60:1-5.

Explanations and Comments

1. The Commission to Make the World Christian, Matthew 28:10-20.—This interview of the disciples with their risen Lord took place in Galilee, upon the mountain where Jesus had appointed. When they saw him, they worshipped him, though some doubted. We cannot think that the disciples who had difficulty in accepting the stupendous fact of the resurrection of Christ were the eleven, for their doubts had been dispelled in Jerusalem. Jesus told them of his universal dominion—"All authority has been given unto me in heaven and on earth"—and then gave them his commission to make his world-wide church, and to make disciples of all the nations. They were given a seemingly impossible task. "Go ye into all nations," they carried it out. There we have the record of ever-expanding circles of evangelism, first in Jerusalem, then next to a wider circle in Judea, then to a still wider circle in Samaria and at last to a circle that embraced the known world from the imperial city of Rome. "Love never contracts its circles; they widen by as fixed and sure a law as those around a pebble cast into still water."

"Remember, fellow Christians, how wide was the horizon of Jesus. Our school, city, country, and with some, perhaps, the whole world. But to Jesus the horizon of the earth was the first horizon that he saw. The last. When he was born, good things came unto whom—the Jews? 'Unto all people'; unto all nations; throughout the whole world; 'to every creature'; 'to the uttermost parts of the earth'; are Christ's words. 'Go ye unto all the world'; his limitless command, his boundless expectation."—M. D. Babcock.

Canadian National Lecture-Car

Good Results Achieved by C.N.R. in Spreading Helpful Information to Farming Communities

Encouraging results are being achieved by the lecture car which the Canadian National Railways, in conjunction with the Extension Service of the University of Saskatchewan, are operating in Saskatchewan, according to a report received by Dan. M. Johnson, western manager of the agriculture department of the company. The car, which started out on January 17, has been visited by 178 people up to February 12, in spite of the fact that at several points exceptionally cold or stormy weather was encountered. Of the total attendance 507 were children of school age. An interesting fact, as the majority of them took active part in the discussion which followed the various lectures.

Cereal varieties, tillage operations, soil cultivation, animal husbandry, crop rotation, the importance of good seed, the value of mixed farming, beautification of the farmstead were some of the subjects dealt with by these lecturing on agriculture and there were several talks on the relationship of livestock to agriculture with suggestions as to the type of livestock that will fit into a diversified plan of farming. In a number of instances it was found that farmers had some many miles to go to the lectures and that when they were present the discussions were most active.

Lithium Ores Shipped to Germany
The first carload shipment of lithium ores, including spodumene and Lepidolite, to leave Canada, has just gone forward over the Canadian Pacific lines from Lac du Bonnet, Manitoba, to Saint John, New Brunswick, bound for Germany. This is a new development in connection with the exploitation of non-metallic minerals in Canada, according to H. B. Lumsden, of the Development Branch of the Canadian Pacific Railway.

The largest savings bank in the world is in Sydney, Australia, where the government Savings Bank of New South Wales has deposits of \$70,000,000 and 2,788,000 depositors.

"Ted—'Why do you write 'dictated' on your letters. You have no stenographer." Jerry—"No, but my spelling is so bad."

Nearly all children are subject to worms, and many are born with them. Spare them suffering by using Mother Graves' Worm Expeller, an excellent remedy.

Cuba's new highway system, 900 miles long and cost \$70,000,000, will be constructed by American concerns.

The Egyptians were the first to use a system of characters which reproduce the sound of the spoken word.

Minard's Liniment for rheumatism.

"Should be in every home" Says Mme. Villemaire

Three years of stomach and kidney disorders wrecked her health. Now fully recovered and feeling splendid, she thanks Tanlac

Mme. Elise Villemaire lives at 432 St. Patrick Street, Ottawa. She is a robust and healthy woman, showing no signs of the distressing ordeal she went through for three years. "No words can express what I suffered," she said recently. "At times I thought my back must break, and I could not even stoop over to set the table. My stomach was just as bad, for food would lie there like a lump of lead. I used to bleed terribly, and at times could hardly catch my breath. Nervousness kept me awake half the night. I tried many remedies and treatments but though I spent a small fortune on them, nothing seemed to help me. I only wish I had taken Tanlac when my trouble first started for it certainly would have saved me a lot of suffering. The way my troubles disappeared after taking it was almost magical. It built me up and made me a new woman. Now my kidneys never bother me, I am free from all pain and my digestion is splendid. If I had my way I'd put Tanlac in every home in Canada. That's how much I think about it." Don't neglect nature's warnings. At the first sign of trouble, take Tanlac, nature's own tonic, made from roots, herbs and bark. Your druggist has it; get a bottle today. Over 62 million bottles sold.

Turken is a Rare Bird

Develops Cross Between a Turkey and a Rhode Island Hen

A new Canadian bird, the "turken," has made its appearance. It is a cross between a turkey and a Rhode Island hen, and was first brought to public attention at the Edmonton poultry show. George Spurgeon, who raised it, claims that it will affect a revolution in the poultry business, as it combines the best features of hen and turkey. It has a hen body and a turkey head.

Radium to Treat Gems

It has recently been discovered that gems such as the ruby, sapphire and topaz can be greatly improved in color by treating them with radium in some mysterious way the radium seems to burn out their impurities so that the value of poorly colored stones can be greatly increased at comparatively little cost.

Motoring in Alberta

All-the-year-round motoring is now planned in Alberta, a result of the fact that there is an automobile to every ten persons in the province.

Why suffer from corns when they can be painlessly rooted out by using Holloway's Corn Remover.

The hottest flame man has been able to produce, by electricity, is estimated at 30,000 to 30,000 degrees.

There are now 31,000 miles of railway and 23 million acres of canal irrigated lands in India.

Profit in Sugar Beets

The average acre income from sugar beets in the Fraser Irrigation District in 1925 was \$11.58, or three times greater than that of wheat, at \$25.01 an acre. According to the secretary-manager of the district, sugar beets are coming to take their place as the leading cash crop of the district.

Operating rooms in a San Francisco hospital have grown white which are said to be more restful to the eyes of the surgeon than white.

Cuticura Promotes Permanent Hair Health

Shampoos with Cuticura Soap, with light applications of Cuticura Ointment when necessary, tend to free the scalp of dandruff and minor blemishes, and to establish a permanent condition of hair health.

EVEREADY Radio Batteries

CHAPTER XXX—Continued

It was not wistfully said, nor in remembrance of him. She was standing apart from him, and spoke as if voicing a casual thought. A frown came into his forehead.

"Those are not good memories to have," he said. "This sort of thing gives me a tinge."

She looked at him in open wonderment. If this wonderment was a mask, she concealed it skillfully.

"No memory has a tinge, John," she returned. "That is, if they are the kind of memories that are worth while treasuring. The more we miss things, we once had, the more glorious is the recollection of them. I've put a little bit of that house we used to play into every one of these things I've built here. Funny, isn't it?"

"The house, if I remember, was to last a lifetime. This is to be the humor of a night. I can't understand what part of one could be built into the other."

"Love, John! Into the other you put what was your love—your idea of it. Into these things here I've put that love of yours, my dear—taken it from the home you would have built, and put it into this. You see, you know, you said, just now, that the other was for a lifetime, and that this will be desolate and crumbled in the morning. At least I expect nothing more of this."

He was silent. She left him for a moment to give an order to the Amette gardener who supervised the sorting of the blossoms which were to shed their perfumes for a night and then wither. When she went back to him John said, with the blent eagerness that echoed a determined resolve:

"There's something I must say to you, John. It's been trying to come out for days, now, and I know you've been expecting it. I've been bearing a crowd."

"Rather a coward, John?"

It was said, quietly, softly, but there was something deadly in the manner of it. He flushed, but went stubbornly on:

"Yes, rather. It's to be about Yvonne, you know—Yvonne and me."

Again that quiet, soft interruption.

That Stomach of Yours!

Mrs. E. Everson

"Guelph, Ont.—I can highly recommend Dr. Pierce's medicine—those that have been used in my family have always proved very beneficial. I have taken the Golden Medical Discovery for indigestion and stomach distress and it has given me wonderful relief. It is also a fine tonic and blood purifier."—Mrs. E. Everson, 21 Elizabeth St.

"Thousands in every Province have testified that this Discovery gave them renewed health. All druggists, either fluid or tablets. Send the to Dr. Pierce's Laboratory in Bridgport, Ont., for a trial pkg. of tablets."

W. N. U. 1671

dance with me that night. By then we shall have both forgot today."

She watched him until he disappeared beyond some shrubbery that cut off the view of the house. Then she turned toward the stables, but had not gone far when she stopped. She stood for a moment looking about her. When she saw that none of the workmen nor attendants were near, she crumpled onto the lawn, and lay, face buried in the grass, her shoulders shaking convulsively.

CHAPTER XXX Joanna's Decision

A stable groom fumbled with his cap when Joanna had closed her horse and sent to the groom for the riding tugs into which she proposed to change in the stable dressing room. The man gazed dubiously down. The Cap Martin stood and emitted the thickening blanket of violet haze.

"It'll be coming 'up' fast, Made-moiselle, after a while," he said. "It's troublesome to ride through when it gets too heavy, I shouldn't advise Made-moiselle to go too far."

"Just along the sea road, to Mr. Kenilworth's," she informed him. "The lights there are never lost."

The groom would have liked to voice more insistent caution, but his mistress was abrupt with him. There were times when the servants at Villa Amette were afraid of their Mademoiselle Joanna. The groom shook his head but decided not to venture a further protest. He reflected that, after all, she was a good horsewoman and that a horse usually is dependable.

Kenilworth, whose villa nestled at the base of the hill, shut off from the majestic boulevard which skirts the shore by a dense hedge of semi-tropical bush, met her, with his own groom, at his gate. She stepped lightly from his hand to the ground and tossed her bridle to the man. "Just an hour, please," she commanded.

Kenilworth immediately expressed dismay. "You haven't loved the mist to give me 'but an hour'! It will take me quite that long to get accustomed to the vision of you among my things."

"Just an hour, Roddy," she insisted, nodding to the groom who accepted her rider as final and led the horse away. "You see I've made time for the evening, and I mustn't interfere with them. I shall have to get back to Amette and change."

It was the first time Joanna had granted Kenilworth a telephone hour "in the midst of his things," as he expressed it. She had always made a pretense of "being afraid" of him, which he customarily retorted was flattery but untrue. He assured her, at such times, that she was, then, she wouldn't be afraid of anybody.

He had desperately proposed Lady Wymouth as a chaperone, but with no success. Joanna asserted that she'd never resort to a chaperone in these days. He was, then, obliged by the sudden visit which brought her, uninvited, and strangely vibrant. He knew her well enough to sense a purpose. Joanna, he had discovered long ago, usually concealed a purpose behind whatever was unexpected of her. He had made a perfect, almost of discovering those hidden purposes and fathoming them.

"Confess to me," she challenged him when she had settled in a great chair before the log fire which baffled the cool dampness of the increasing mist outside, "you are wondering why I came so unexpectedly."

(To Be Continued)

Good Roads From U.S. Boundary

Improving Highways From Points in Alberta to the U.S. Boundary.

Main highway running from points on the boundary line between Canada and the United States are to be substantially improved this year from points in Alberta on the boundary through as far as Edmonton, the provincial capital, and to some of the most attractive scenic spots in the Canadian Rockies. The number of tourists coming from the United States to visit the scenic wonders and other attractions in Alberta is increasing rapidly every year. Both the Federal and Provincial authorities in Canada are doing everything possible to encourage visitors from the United States and other countries to spend a holiday in the Dominion.

PILES are quickly Soothed & Healed by Zam-Buk

Revival of Old Idea

Sir John Macdonald Suggested Name "Kingdom of Canada" Before Confederation

There is something unique and unexpected in the revival at this late date by a Western Progressive member, Mr. Garland, of the old idea of calling his country the "Kingdom of Canada." It may not be generally known that this title was put forward by Sir John A. Macdonald during the negotiations leading to Confederation. Sir John was quite eager for the name Kingdom and pressed his claims during the drafting of the British North America Act in London early in 1867. The sixth draft of the bill contained the title "Kingdom of Canada," replacing the words "United Provinces" of the preceding draft, and Sir John made every effort to retain the monarchical term.

The change to Dominion, of Canada was made at the instance of Lord Derby, then Foreign Minister, who, as Sir John said in 1889 in a letter to Lord Knutsford, "feared the first name would wound the sensibilities of the Yankees."

Sir John in the same letter defended his proposal and said that, had it been accepted, he was sure the Australian colonies would have been applying to be placed in the same rank.

It is a bit of history, after sixty years' use of the word "Dominion," there will be found any good reason for a change.

Found Airplane Trip Easy

Few Days Unpleasant, Says Lady Hoare, After Long Journey

"Flying eleven days straight off is much easier and less trying than I had expected," said Lady Maud Hoare, the only woman who has flown from London to Paris in a single day, when she stepped to the befozged platform of Victoria station, after an air trip to India and back with her husband, Sir Samuel Hoare, the air minister.

Fog had prevented the completion of the journey from Paris to London by air, and the two were obliged to make the tedious channel crossing.

The British air minister and his wife left Croydon by large passenger air plane on the morning of December 27 and landed at Delhi on January 8.

"It was no fair weather trip," said Sir Samuel. "We had dust storms in the Persian gulf and earthquake on the northwest frontier of India, snow and rain, and other accidents."

Lady Maud supplemented the description by saying:

"Three days were distinctly unpleasant, while five days out and three days returning for home were very bumpy. We flew at every height, 100 to 2,000 feet. This necessitated dressing in layers, putting on and taking off garments as required. The only monotonous bits were two stretches of desert; the scenery otherwise was most varied."

Graduates at Shantung

Christian University

First Woman Student Receives Diploma in Midst of War

With the shuffle of China's marching armies almost heard on her campus, Shantung Christian University has completed her academic year with full attendance and, under authority granted by the Parliament of Canada, has graduated sixteen Chinese students of higher learning, including the first woman to complete the course in divinity.

Miss Chi Yu Chou of Mukden, Manchuria, was presented by Dean MacRae of the theological faculty, a missionary of the United Church of Canada, for her diploma, and will become a teacher of theology in the United Free Church of Scotland's seminary at Mukden, now being opened to women students on a co-educational basis.

Britain's Need Is Greater

President Coolidge's proposal that another five-power naval disarmament conference be held recalls the statement in which League of Nations committee that Britain's naval needs differed from those of other European nations—Toronto Mail and Empire.

Some men who live by their wits have to get along on very small capital.

Air Mail Facilities

Offered to Canada

U.S. Plan Would Save Day on Coast to Coast Letters

Air mail routes in the United States have been made available to Canadians. For an extra ten cents per half ounce letters from Canada will be carried by the coast to coast air mails operated under contract with the United States government.

Letters destined to British Columbia are carried to Elko, Nevada, by air, transferred to a Seattle train, and from there trans-shipped to Vancouver or Victoria. A net saving in time of at least a day is ensured. Letters to United States points on the Pacific coast are delivered at least two days earlier on the average.

The announcement of the United States post office department points out that the extra ten cents for air mail routes must be prepaid from Canada in United States postage stamps.

Little Helps For This Week

The merciful man doeth good to his own soul.—Prov. xl. 17.

The quality of mercy is not strained; It dropped as the gentle dew from heaven. Upon the place beneath; it is twice blessed.

It blesseth him that gives and him that takes.

—Shakespeare.

We are unmerciful when without necessity we are judges of evil thoughts, when we suspect meanness, littleness, untruthfulness—not to speak of worse surmises—in others. The merciful in thought give no room in their hearts for suspicious such as these. They do not secretly impute evil.—Richard Chenevix Trensch.

Bible Printed in Esperanto

Last Year Saskatchewan Printed One Copy and One of New Testament

The book which still tops the list as the world's best seller is in print in Saskatchewan Esperanto. In 1926 one copy of the Bible was printed in Saskatchewan as well as one copy of the New Testament.

Other languages in which the Bible or portions of it are printed for distribution in this province are: Bohemian, Bulgarian, Chinese, Cree, Danish, Dutch, Flemish, French, Gaelic, German, Greek, Hebrew, Hungarian, Italian, Latin, Lithuanian, Norse, Polish, Roumanian, Russian, Ruthenian, Serbian, Swedish, Welsh and Yiddish.

Bachelors Taxed in Italy

Here's what it costs a bachelor to stay a bachelor in Fascist Italy. According to the terms of a law just promulgated retroactive to January 1, bachelors between 25 and 35 years of age must pay a special tax of 35 lire per annum. Bachelors between 35 and 50 must pay 50 lire and those over 50 must pay 25 lire. An additional income tax will also be imposed until marriage.

Keep Minard's Liniment in the stable.

Be good and you will be happy—as happy as you can be under the circumstances.

Gargle

ASPIRIN

Dissolve two "BAYER TABLETS OF ASPIRIN" in four tablespoonfuls of water and gargle thoroughly.

Swallow some of the solution. Don't rinse the mouth. Repeat gargle every two hours if necessary.

This is an effective gargle proved safe by millions and prescribed by physicians.

Safe

Accept only "Bayer" package. Look for the "Bayer Cross."

Handy "Bayer" boxes of 12 tablets. Also bottles of 24 and 100—Druggists.

BLAIRMORE'S TRIUMPH

LAUDED BY DRUMHELLER

DRUMHELLER, March 8.—The local hockey fans, who eagerly read every hockey story in the Calgary

Alberta, have been so glad to see a good team like Eddie Peulin's Canadians lose out, were glad to find that their conquerors hail from a coal mining camp. Coal camps are very close to one another, as many of the boys have worked in the different coal centres and are naturally clamorous enough to take pride in the achievement of the boys from the sister camp of Blairmore. The Drumheller fans in general take an added interest in the Blairmore Tuxis boys' big victory, as it shows just what can be done with a bunch of youngsters when properly coached and backed by the citizens of their town. Blairmore's success but backs up the claim of different prominent sport boosters that Drumheller's future hockey lies in the development of the splendid bunch of boys who came to the notice of the fans during the winter just closing. The hats of Drumheller are doffed to Rev. Mr. Young and his Blairmore Tuxis boys.

Rev. A. A. Lytle, of Calgary, will occupy the pulpit of the United Church on Sunday next.

A vote of confidence in R. J. Dinning as liquor commissioner has been passed by the Alberta legislature.

R. J. Follis, inspector of beer parlors and hotels under the British Columbia Liquor Control Act, was in town from Lethbridge during the week.

J. M. Cameron, Calgary district superintendent of the C.P.R., and Mrs. Cameron, have sailed for Honolulu, where they will spend a month.

The chairman of the relief committee of the town council reports that, according to advice from Paris, women are soon to wear trousers.

Mr. Forster, assistant to the liquor commissioner, was down from Edmonton the early part of the week, in connection with the administering of special relief.

During August, the Imperial Mining and Metallurgical Congress will pay a visit to the largest iron mines in the British Empire at Wabana, Newfoundland.

Mr. W. Thomas, manager of the local telephone exchange, left by this morning's local for Lethbridge, where he will attend the annual gathering and banquet of government telephone employees.

The Imperial Mining and Metallurgical Congress will be held in Canada in August. Blairmore is not included in the itinerary this year. A thousand engineers from various parts of the Empire will attend the congress.

Mrs. Gray, senior, and Mrs. Robert Gray, accompanying little Miss Isobel Moffat, left by this morning's train for Lethbridge, where they will visit. Mrs. Robert Gray will return in about a week. In the meantime we are looking after "Bob."

Arrangements are being made for an exhibition hockey game, to take place at the local arena early next week, possibly Tuesday, between the Blairmore seniors and the champion Tuxis Juniors. This may be the last opportunity to see the boys in action this season.

The Blairmore Tuxis Juniors, winners of the provincial championship, went down to defeat against the Regina Pats at Regina, the result of a two-game series at that city being fourteen to five in Regina's favor. Two years ago, the Blairmore seniors met defeat at Winnipeg, owing to sickness in the team caused by Regina water. The same reason is given for the Blairmore Juniors being weakened at that point. The lads will return to Blairmore by tomorrow morning's train and will be accorded a right hearty cheer for their successes.

Local and General Items

Chief Spence is still confined to his home with sciatica.

The Germans are manufacturing kooch from motor car gasoline.

A lodge of the Knights of Pythias was instituted at Nanton twenty years ago.

The Calgary Kernels, intermediates, were defeated in the provincial finals by Lacombe.

Miss Jean McEwen has opened up a marcelling parlor in a room adjoining Mrs. Stephenson's millinery parlor.

Constable Hammond has gone to spend a few days in the Edmonton district before resuming his duties with the A.P.F. here.

Storks have visited and molested C.P.R. trains so often of late that the Dominion government should offer a bounty to kill them off.

SPECIAL—Picnic Hams, 23c; Bacon, whole, 35c.—P. BURNS & CO., LTD.

Mr. and Mrs. Wallace and Mrs. Ed. McDonald returned Sunday night from an enjoyable vacation trip through the western States.

Provision for forty thousand dollars to be spent on roads in the Fernie district is made in the British Columbia roads appropriations for 1927.

A fellow got peeved when a friend remarked that he had been drinking whiskey and soda from morning till night. He replied: "It ain't so. I hate soda!"

The regular monthly meeting of the I.O.E.E. will be held at the Greenhill hotel on Monday next, March 14, at 7.30 p.m. Members are requested to be present.

Alberta is keeping up a good reputation as far as the number of divorce actions are concerned. Divorce suits are almost as common now as wedding ceremonies.

The results of the mid-winter examinations for the Toronto Conservatory of Music have been published. The many friends of Miss Hilda Hannan, formerly of Cowley, will be pleased to know she was a successful candidate, having passed her senior examinations with honors.

Henry Petiot, who is in the Holy Cross hospital, convalescing from an operation, has to have another operation, which is expected to be performed this week.—Parkland correspondence in the Nanton News. Henry was a former employee of The Blairmore Enterprise. His father, and brother reside near Cowley and formerly were residents of Blairmore.

SPECIAL — Friday and Saturday, Pot Roast Beef, per lb 14c; Pot Roast Veal, 12½c; Boiling Beef, 10c per lb; Pork Shoulders, fresh, per lb, 22c. Special prices on all other products. — P. BURNS & CO., LTD.

Another good one has come within our hearing. A local family seated around a dinner table were discussing various matters, when a little girl told them that a Slav couple had been married that morning. A sister remarked: "When they get married they celebrate for two or three days and every man who kisses the bride must pay five dollars." Little Albert breaks in: "And, gee! they wouldn't make much at a Scotch wedding!"

Following the regular meeting of the local Lodge of Elks on Tuesday night, a rummy tournament took place. Quite a number of local "hounds," as well as several from Hillcrest, took part. Prizes in the form of a cut-glass sugar and cream set as first and 100 Players Cigarettes as second were donated by the exalted ruler, Bro. R. W. H. Pinkney, and were won by Bros. M. G. Rhynas and Fred Houghton, respectively.

Calgary is considering a plan of interchange of teachers with Ontario.

Girls should remember that a love knot is best tied with a single beau.

Five thousand persons are reported killed as a result of an earthquake in Japan.

Mr. A. Y. Anderson, travelling auditor for the firm of P. Burns & Co., is in town this week.

Jim Maloney and Jack Sharkey have been matched for a fifteen-round heavyweight match on May the 19th.

The next session of the Grand Orange Lodge of Alberta will be held in Lethbridge, probably in March, 1928.

Mr. Ringland will have completed his duties for the season as ice maker at the local arena next week and will return to Macleod.

Bills printed in Lethbridge are used to advertise a dance to be held in Coleman. The parties responsible for this should look to Lethbridge for the dance patronage.

The town council of Morse, Saskatchewan, has purchased a piece of land from the Canadian Pacific Railway, 115 by 500 feet, to be converted into a park.

Application for a beer license for the Prince of Wales hotel at Waterton National Park is being advertised in connection with the requirements of the Alberta Liquor Control Act by the Canadian Rockies Hotel Co., subsidiary of the Great Northern Railway.

The Blairmore Juveniles returned to town Monday morning from Calgary, where they were defeated in a provincial playoff by the Calgary Shamrocks by a total of eleven goals to ten for the series. The boys speak well of their treatment in the city and figure that with odds against them they put up a good showing.

SPECIAL — Friday and Saturday, 2 dozen Eggs 85c. — P. BURNS & CO., LTD.

Frank Wheatley, president of the Mine Workers' Union of Canada, has gone east to attend meetings in Ottawa and Montreal. In Ottawa he will be called to discuss the trouble between the telegraphers and the telegraph companies. In Montreal there will be the first national meeting of Canadian trade unions as opposed to the international unions. It will resemble the Canadian Trades and Labor Congress of the other organization.

The annual report of Commissioner W. C. Bryan, of the Alberta Provincial Police, states that in connection with the Alberta Liquor Control Act, there is a marked increase in respect for the law. Under prohibition, the police appeared to be almost alone in their efforts to enforce it. There appeared at that time to be a general idea that it was smart to circumvent the law and get a drink or a bottle of whiskey. There has been little smuggling and no doubt some illicit manufacture of liquor.

We understand that Magistrate Henderson has received word to hold himself in readiness to go to Toronto in the near future on Home Bank business. Talking about Home Bank affairs is it not about time that the liquidators of that defunct institution should make some public statement of the state of affairs? It is now well over three years since the original dividend of 25 per cent was paid and a large amount of money must have been collected in the meantime. Are the liquidators and inspectors trying to make this Home Bank proposition a life job? Most of the depositors are sick and tired waiting for a statement of affairs. If Mr. Henderson will insist, when he goes to Toronto, on a public statement, he will have the thanks of the creditors.—Ferne Free Press.

MONTANA OIL INTERESTS TO DRILL IN P.C. DISTRICT

Montana interests are financing a test well that will be drilled this spring seven miles west of Pincher Creek on a structure believed to be belonging to the same series as the great Turner Valley dome with its several producing wells, including Royalty No. 4, the wonder well of the world, having a daily production of naphtha of from 600 to 700 barrels.

Details of the venture were given out recently by E. F. Cobb and J. P. Gerlough, of Shelby and Great Falls. The Americans have secured a group of leases adjacent to the holdings of the Henry L. Dougherty company, of New York, who also plan a drilling campaign this season. The well will be put down on L.S.D. 4, section 7, township 6, range 1, west of the 5th, and the Western Drilling Co., which has the drilling contract for the Carter, Prairie and other large operating companies, have taken over the acreage for the purpose of drilling. This company not only is well financed, but also has wide experience in the oil industry in the Kevin-Sunburst field and elsewhere. Louis Lilly and Robt. Smith will have charge of the well. They expect to have a standard rig on the location very shortly and a start will be made on the test as soon as the outfit is rigged up. An early completion is anticipated on account of the shallow drilling looked for.

Commenting on the geological formation of this anticline, Mr. Gerlough, geologist for the group, stated that production may be encountered at any depth providing the oil is present. Certainly, he says, they ought to find it concentrated in the limestone at around 1300 feet. The folds are sealed with faults that form a perfect trap for the retention of oil. Mr. Gerlough expects 300 to 400 feet of Blairmore or Dakota formation, 600 feet of Kootenay and probably 200 feet of Fernie shales, followed by the lime formation thought to be the same as that carrying the production in the Turner Valley.

"We may get gasoline, as there is a gas seepage on our location, which we understand is wet gas. This is an encouraging sign. We may get the same gasoline as that found in Turner Valley or we may get crude oil. It often happens that wells like the great Royalty 4 eventually throw off enough wet gas to allow the crude oil to move up to the fold. In fact there are signs at the Royalty that this is taking place. The well is increasing its gasoline content and the color of the oil is taking on more and more the real crude oil tinge. We believe the Pincher Creek prospect is an attractive one from all aspects."

No information has been obtained from the Dougherty interests as to their plans in the Pincher Creek field, but it is understood their acreage will be tested on a number of locations. Dr. L. C. Fowler, Dougherty's geologist, went all over their holdings last summer, picking drilling locations preparatory to the development campaign projected for the present year.—Pincher Creek Echo.

CARD OF THANKS

Blairmore, Alberta,
March 10, 1927.

Editor Blairmore Enterprise.

Dear Sir: Permit me through the columns of your valuable paper to express my heartfelt thanks and appreciation of the services rendered, in connection with our organ fund benefit concert in the United Church on Tuesday night by Mr. Bannan, as chairman; the various artists from Coleman, Bellevue and Blairmore; and Mr. Fred M. Thompson, who so kindly placed means of transportation at our disposal. We would also express appreciation of the liberal patronage of the public, through which we are enabled to place to the credit of our church organ fund the handsome sum of eighty dollars.

Thanking you for space, I remain,
Yours truly,
T. J. WILLIAMS.
